

Day 8 (16-02-2026)

1. Basic Express Server

```
const express = require("express");
const app = express();

app.get("/", (req, res) => {
  res.send("Welcome to my Express Server");
});

app.listen(3000, () => {
  console.log("Server running on port 3000");
});

Run:

node server.js
```

2. Multiple Routes Example

```
const express = require("express");
const app = express();

app.get("/", (req, res) => {
  res.send("Home Page");
});

app.get("/about", (req, res) => {
  res.send("About Page");
});

app.get("/contact", (req, res) => {
  res.send("Contact Page");
});

app.listen(3000, () => {
  console.log("Server started on port 3000");
});
```

3. Route with Parameters

```
const express = require("express");
const app = express();

app.get("/user/:name", (req, res) => {
  res.send("Hello " + req.params.name);
});
```

```
app.listen(3000);
```

Open in browser:

<http://localhost:3000/user/Keerthi>

Output

Hello Keerthi
