

Day 20[05-03-2025]

Install React Router

npm install react-router-dom

Basic Routing Example

```
import { BrowserRouter, Routes, Route } from "react-router-dom";
```

```
function Home() {  
  return <h2>Home Page</h2>;  
}
```

```
function About() {  
  return <h2>About Page</h2>;  
}
```

```
function Contact() {  
  return <h2>Contact Page</h2>;  
}
```

```
function App() {  
  return (  
    <BrowserRouter>  
      <Routes>  
        <Route path="/" element={<Home />} />  
        <Route path="/about" element={<About />} />  
        <Route path="/contact" element={<Contact />} />  
      </Routes>  
    </BrowserRouter>  
  );  
}
```

```
export default App;
```
